

PROJECT REPORT

1. INTRODUCTION :

OVERVIEW :

About a restaurant.

PURPOSE:

To make people taste the food that is never tried before .

2.LITERATURE SURVEY:

EXISTING PROBLEM:

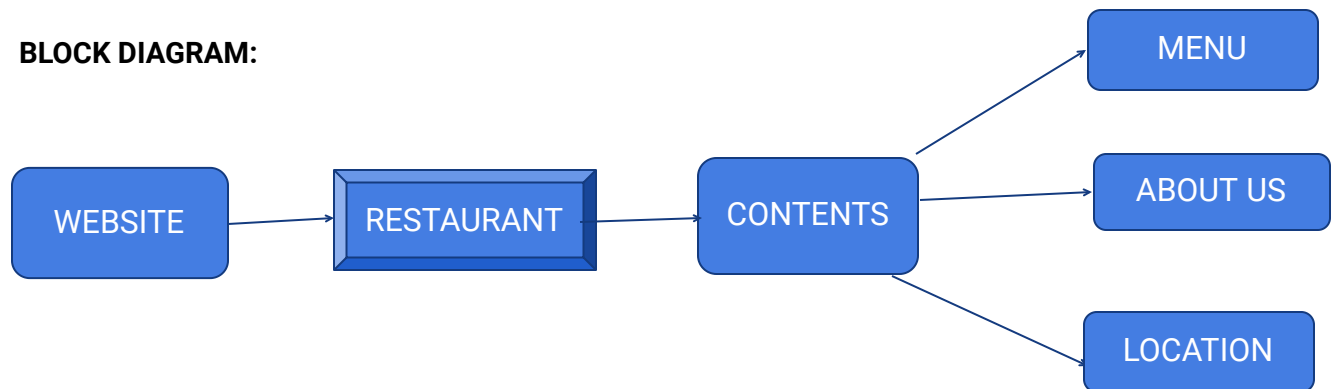

There are some people who like to taste the cuisine of every place but will not be able to.

PROPOSED SOLUTION:

This website shows a restaurant which helps them to taste the cuisine of every place in India. Not only the food the view from the restaurant is also so beautiful.

3.THEORETICAL ANALYSIS:

BLOCK DIAGRAM:

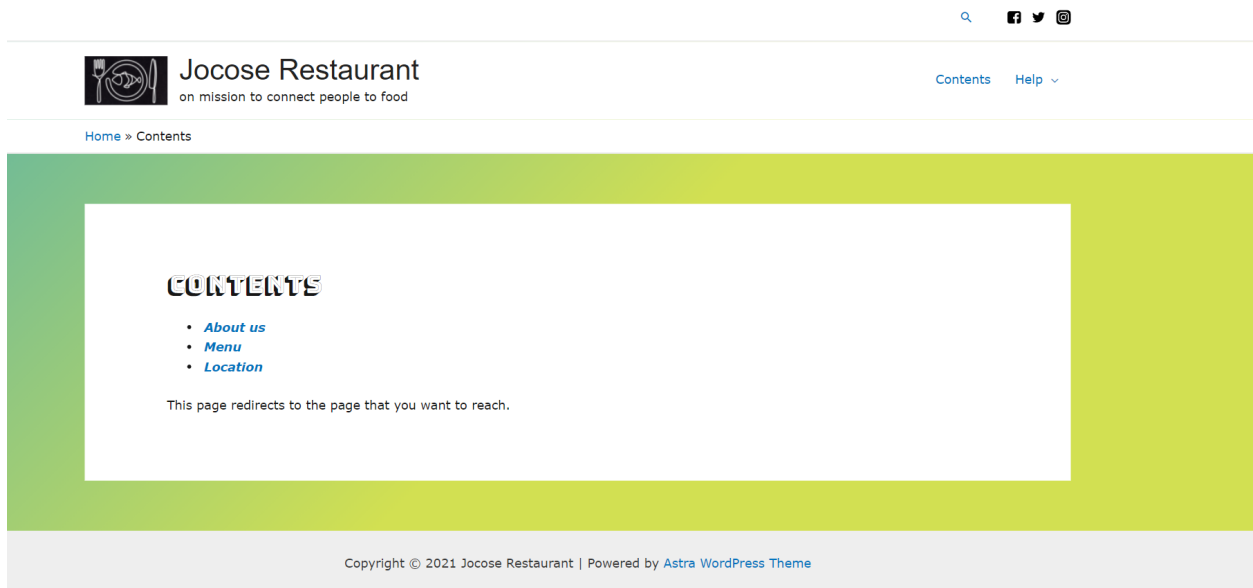

4.EXPERIMENTAL INVESTIGATIONS:

There are people who would not be able to visit different places to taste the specialities of that place. This website helps them know about the restaurant which provides different cuisines of different places.

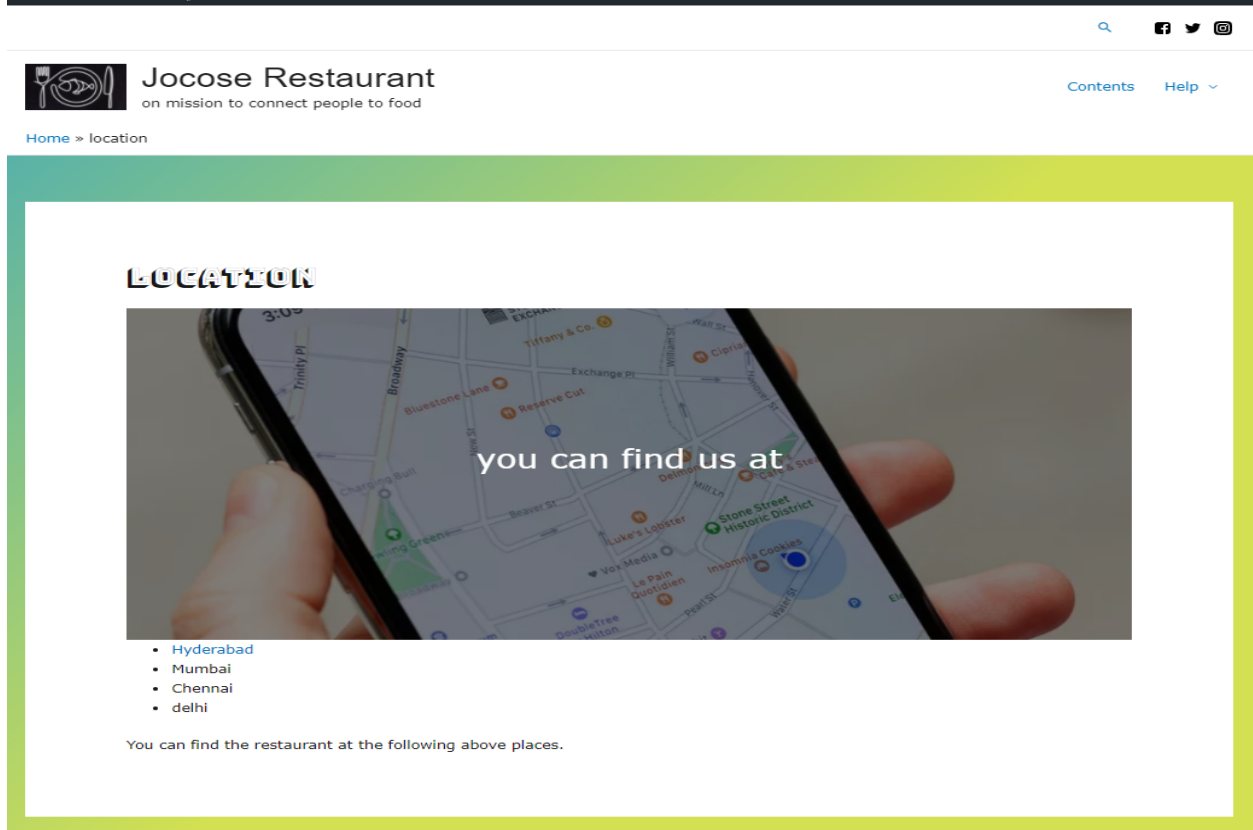

As there are different branches of the restaurant people nearby can easily visit it.

6.ADVANTAGES AND DISADVANTAGES:

One can taste different types of food here in this restaurant at the reasonable price. The abiance as well as the food are so good there,once you visit you will always think of it again.

7.APPLICATIONS:

Different restaurants should try to implement such ideas by improving the quality and the varirities of food at their restaurants.

8.CONCLUSION:

People need not visit different places to their their specialities,if there is one such restaurant in a place it would be very easy for people who enjoy food as well as the view

9.FUTURE SCOPE:

Restaurants would get inspired by this restaurant and might try to start making the

famous dishes, the specialities of not only their places but also other place dishes.
